Event Details

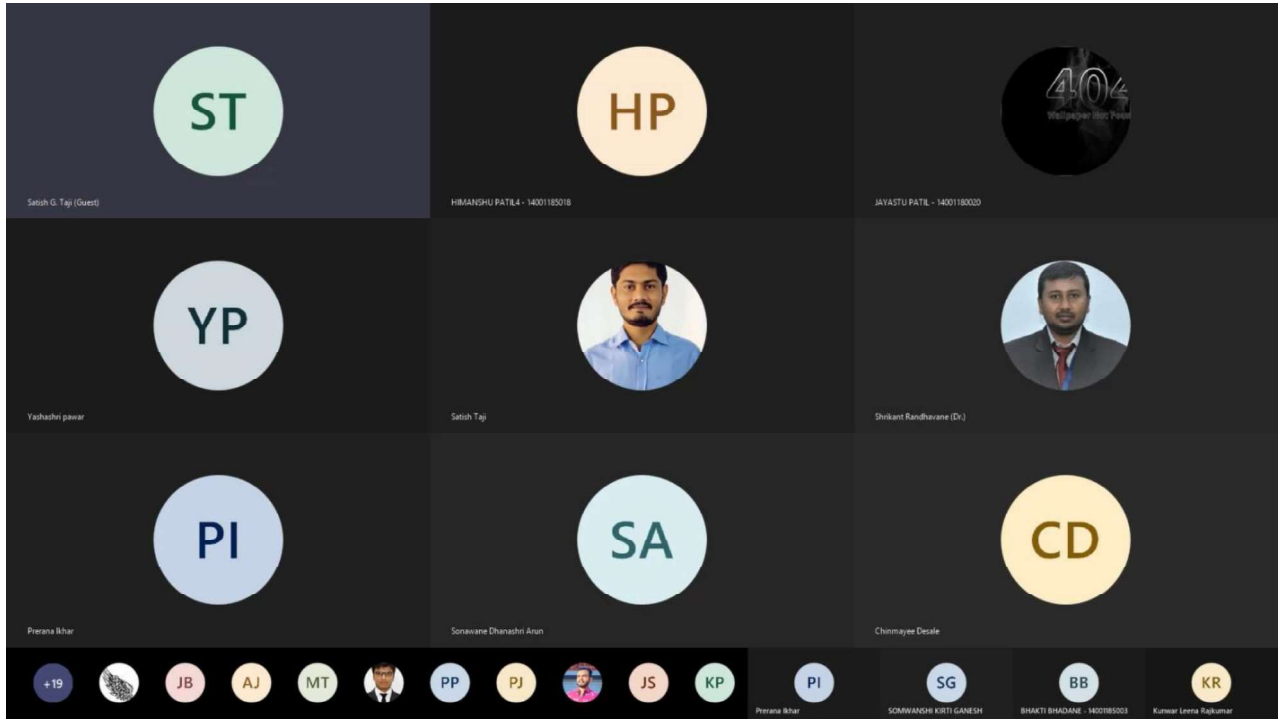

SVKM's Institute of Technology have established Institute Innovation Council (IIC) as per the norms of Innovation Cell, Ministry of Education, MHRD, Govt. of India. Under this council, all departments are conducting series of programs including IIC Calendar Activities as well as Self Driven Activities. SVKM's IOT IIC established on 11-09-2020. Department of Civil Engineering organized Session on "Accelerators/Incubation - Opportunities for Students & Faculties - Early Stage Entrepreneurs" on 15th July 2022 at 11:00 AM as IIC Calendar Activity.

Mr. Satish G. Taji, Assistant Professor, Department of Civil Engineering, SVKM's IOT, Dhule, Maharashtra, India, have taken the session forward as a Resource Person. Prof. Achal Agrawal introduced the speaker and IIC Vice President Dr. Shrikant Radhavane welcomed the Speaker. In his address, he explained about role of software's in self-employment of Civil Engineers. He specifically talked about the application of EPANET software and demonstrated case study of his own town Pachanwadgaon, Jalna, Maharashtra. Further, cleared the doubts about the same for the participants. The event was coordinated by Prof. Achal Agrawal. Lastly session was ended with question answer session and vote of thanks given by Prof. Deepak Singh Baghel. More than 60 students and 10 faculty members, attended this event.

Following are the some of the glimpses of the Session:

What is model??
A simplification of reality, but with all essential features

Sonal Jagtap Prerana Bhat Dinesh Dinesh Shrikant Randhavane (Dr.) HIMANSHU PATEL 4 - 14001185018 Sateesh G. Taji (Guest)

Objectives

1. To know about the opportunities available for the Engineers as early stage entrepreneurs.
2. To create awareness about software and their application.

Benefits:

1. Participant learnt about the opportunities.
2. Participants get aware about software like EPANET in the field of Civil Engineering and how to become an entrepreneur.

We are thankful to Today's speaker Mr. Satish G. Taji for enlighten us on "Accelerators/Incubation - Opportunities for Students & Faculties - Early Stage Entrepreneurs". We are also thankful to SVKM's IOT Management & our honorable principal Dr. Nilesh Salunke, IIC President SVKM IOT, Dr. Shrikant B. Randhavane IIC Vice President, SVKM IOT, Dr. Namra Joshi, IIC Convener, SVKM IOT, and last but not the least to all participants attended this IIC activity.

Event Details

SVKM's Institute of Technology have established Institute Innovation Council (IIC) as per the norms of Innovation Cell, Ministry of Education, MHRD, Govt. of India. Under this council, all departments are conducting series of programs including IIC Calendar Activities as well as IIC Calendar Activity. SVKM's IOT IIC established on 11-09-2020. Department of Information Technology conducted Expert Talk on "Entrepreneurship" on 01.August.2022 at 3:00 PM as IIC Self Driven Activity.

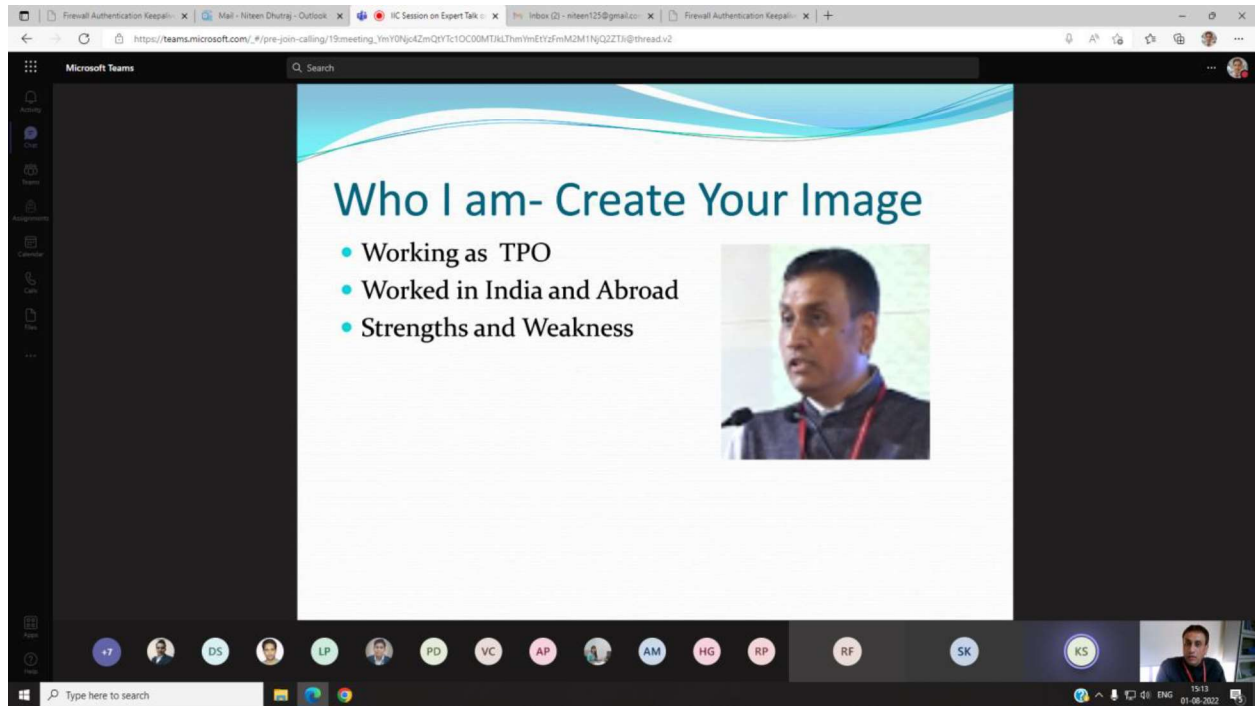

For this session, as a guest speaker we have invited Dr. Pramod Shahabadkar, TPO, KKWIEER, Nashik. Session was hosted by Prof. Niteen Dhutraj and technically handled by Prof. Sachin Kamble and Prof. Sagar Badjate, IIC Ambassador, SVKM's IOT. Session started by Prof.Niteen Dhutraj with welcome of all the participants and guest speaker,

In this session, Dr. Sahabadkar has shared his experiences and the problems faced by young entrepreneurs. He explained the importance of skill required for become entrepreneur, also he explain attitude related issues. Later part he elaborate behavior require for entrepreneur. He also explain how to do has done collaborative work, he has explained how he met various peoples of other countries to work with collaboratively. Main focus of the talk was to make students aware about the opportunities. Overall, students were very impressed from this expert lecture and in future if possible than they will start new business and be an entrepreneur of society. Lastly session was ended with question answer session and vote of thanks proposed by Prof. Sachin Kamble.

The guest talk recorded for more than 65 min, followed by 15 min question answer session. For this Session, we received total 40 registrations count in which 36 students and 13 faculty members, total 49 registered participants were joined this event.

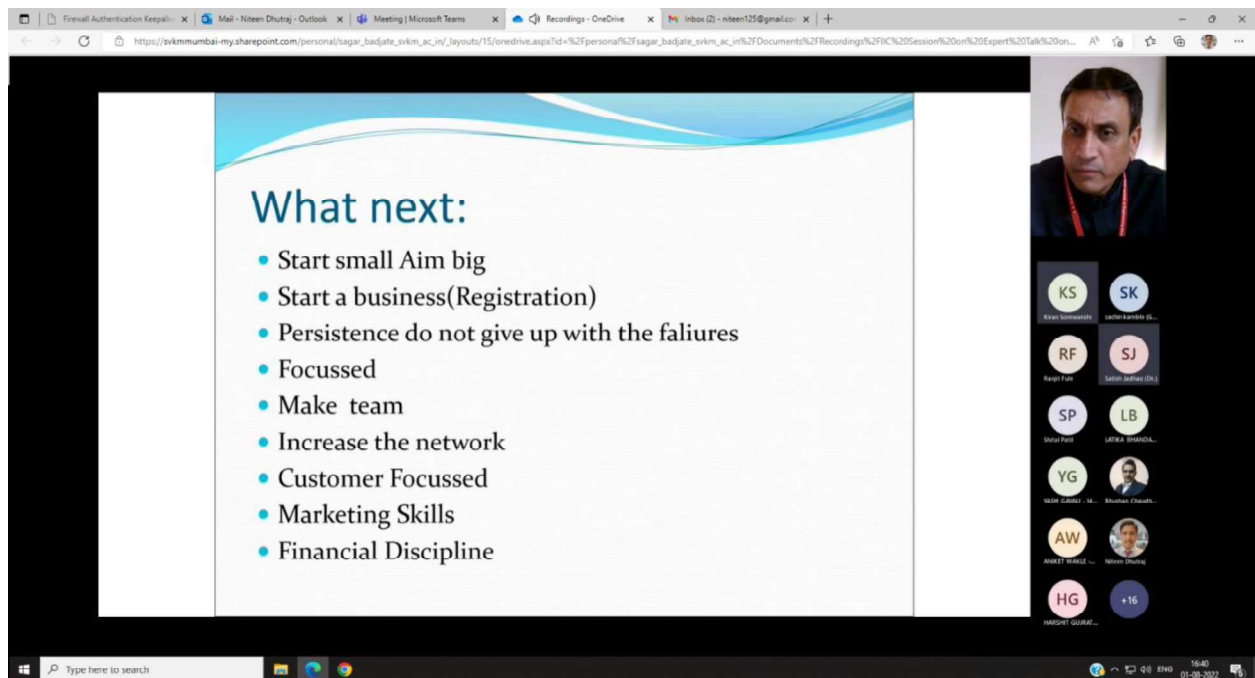

Following are the some of the glimpses of the Session:

The screenshot shows a Microsoft Teams meeting interface. The main content is a slide with the title "Who I am- Create Your Image". The slide contains a bulleted list of points and a small video thumbnail of a man speaking. The Teams interface includes a search bar, a list of participants, and a taskbar at the bottom.

Who I am- Create Your Image

- Working as TPO
- Worked in India and Abroad
- Strengths and Weakness

The screenshot shows a Microsoft Teams meeting interface. The main content is a slide with the title "What next:". The slide contains a bulleted list of points. The Teams interface includes a search bar, a list of participants, and a taskbar at the bottom.

What next:

- Start small Aim big
- Start a business(Registration)
- Persistence do not give up with the failiures
- Focussed
- Make team
- Increase the network
- Customer Focussed
- Marketing Skills
- Financial Discipline

Microsoft Teams Meeting: **What is Entrepreneurship**

- The word entrepreneur was derived from the French word “entreprendre”, which means “to undertake” (Kuratko, 2016).
- Entrepreneurship is a Journey not a destination

Microsoft Teams Meeting: **First Generation Entrepreneurs**

Byju Raveendran: Founder, BYJU’s

- Byju- the ed-tech learning company was founded in 2011 after Raveendran sensed an opportunity in teaching students and began with his classroom operation in 2006. BYJU also launched a learning app in 2015 which contains video lessons and content. Currently, as many as 3 crore students are registered with BYJU along with 20 lakh annual paid subscribers. The company also signed up with Disney for creating primary school educational content. BYJU has gained unicorn status.

Ritesh Agarwal: Founder and CEO of OYO Hotels and Homes

- A millionaire at the age of 22, after dropping out of college at 19, he started the company in 2013.

Press Ctrl+Shift+M to unmute your microphone.

People: Invite someone, Share invite, Currently in this meeting (27) Mute all, Niteen Dhutraj Organizer, AISHWARYA PATIL - 140042..., AKSHAY PATIL - 14004200030, Amol Mahajan, ANIKET WAKLE - 14004200..., BHUPENDRA PANWAR - 1400..., Bhushan Chaudhari (Dr.), Dhanashri Saner (Guest) Meeting guest, DURGESH GAIKWAD - 1400..., HARSHIT GUJRATHI - 14004..., Kiran Somwanshi, LOKESH PATIL - 14004200063, Mahendra Patil (Guest) Meeting guest, Mangesh Balpande, Pramod SHAHABADKAR External

Objectives

- 1. To give essentials about Entrepreneur.
- 2. To set goals to become entrepreneur.
- 3. To learn about attitude and behavior.

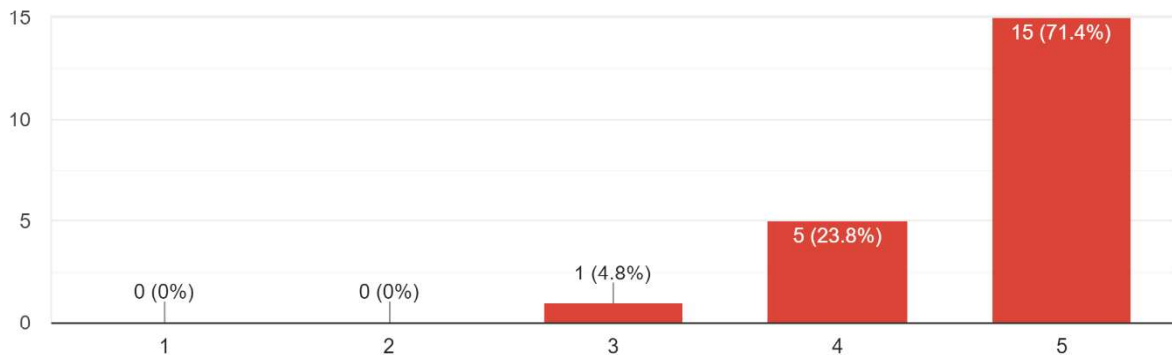

Benefits:

- 1. Participants aware about creative thinking skills.
- 2. Participants learned Qualities of Entrepreneur.

We are thankful to Today’s speaker Dr.Pramod Shahabadkar for enlighten us about how to climb towards entrepreneurship. We are also thankful to SVKM’s Management & our honorable principal Dr. Nilesh Salunke, IIC President SVKM IOT, Dr. Shrikant B. Randhavane IIC Vice President, SVKM IOT, Dr. Namra Joshi, IIC Convener, SVKM IOT, and last but not the least to all participants attended this IIC activity.

Event Details

SVKM's Institute of Technology have established Institute Innovation Council (IIC) as per the norms of Innovation Cell, Ministry of Education, MHRD, Govt. of India. Under this council, all departments are conducting series of programs including IIC Calendar Activities as well as Self Driven Activities. SVKM's IOT IIC established on 11-09-2020. Department of Electrical Engineering organized Expert Lecture on 01.February.2022 at 11:00 AM with one Self Driven Activity, Expert Lecture on "Recent Innovations in Electric Vehicles.

For this lecture, as a guest speaker was Prof. T.M. Shubham from Shri Vile Parle Kelavani Mandal's Institute of Technology, Dhule. He is actively involved in R & D activities in electrical engineering domain. The session was hosted by Dr. Namra Joshi and supported by Prof. Jagdish More. Program started by Dr. N.R. Joshi with welcome of all the participants and guest speaker. In this session, Prof. T.M. Shubham started session with Fundamentals of Electric Vehicles and how to design electric vehicles. He shared details regarding funding opportunities in proceeding research in engineering domain. He also explained the importance of hybrid electric vehicle. Session followed with discussion on importance of electric vehicle in environment conservation. Main focus of the talk was to make students aware about the Research & Development in engineering sector. Session was ended with question answer session and vote of thanks proposed by Prof. Sandeep Ushkewar. More than 33 students and 09 faculty members attended this event.

Following are the some of the glimpses of the Session:

IIC SELF DRIVEN ACTIVITY
Quarter 4

Session
On
"Recent Innovations in Electric Vehicles"

Objectives

1. To encourage spirit of Innovation in emerging trends like electric vehicles.
2. To aware participants about R & D in Engineering.

Benefits:

1. Participants will able think out of box.
2. Participants learned about basics of Innovations in electric vehicles domain.

We are thankful to Today's speaker Prof. T.M. Shubham for enlighten us about Recent Innovations in Electric Vehicles. We are also thankful to SVKM's IOT Management & our honorable Principal Dr. Nilesh Salunke, IIC President SVKM IOT, Dr. Shrikant B. Randhavane IIC Vice President, SVKM IOT, Dr. Namra Joshi, IIC Convener, SVKM IOT, and last but not the least to all participants attended this IIC program.

“Angel Investment/VC Funding Opportunity
for Early Stage Entrepreneurs”

SVKM’s Institute of Technology have established Institute Innovation Council (IIC) as per the norms of Innovation Cell, Ministry of Education, MHRD, Govt. of India. Under this council, all departments are conducting series of programs including IIC Calendar Activities, Self Driven Activities and Celebration Activities. SVKM’s IOT IIC established on 2020-09-11 for the Academic Year 2020-21.

The session was organized by Mechanical Engineering department of SVKM’s IOT Dhule under institutions innovation council (IIC) cell on 23th August, 2022 to introduce about the angel investments and VC funding opportunities. The Session was started by Mr. Dattatray Doifode, innovation ambassador in which he Welcomed and Introduced the guest. Felicitation was done by Dr.Hitesh Thakare (Head of Department, Mechanical Branch).

The Session was conducted by **Mr. Karan Sharma, Training & Placement Officer, SVKM’s IoT Dhule**, in which he highlighted the following points,

- **Understanding Venture Capital**
- **Advantages and Disadvantages of Venture Capital**
- **Types of Venture Capital**
- **How Does a VC Differ From an Angel Investor?**
- **Venture Capital vs. Angel Investors**
- **The Venture Capital Process**
- **Venture funding life cycle**
- **Trends in Venture Capital**
- **Why Is Venture Capital Important?**
- **VC Funding Opportunity for Early Stage Entrepreneurs**

Lastly, Dr. Amol Badgujar, Assistant Professor, Mechanical Engineering gave the Words of Gratitude and Concluded the Session. Total 32 students and 15 faculty and staff members attended this session.

SVKM's Institute of Technology have established Institute Innovation Council (IIC) as per the norms of Innovation Cell, Ministry of Education, MHRD, Govt. of India. Under this council, all departments are conducting series of programs including IIC Calendar Activities, Self-Driven activities and IIC Celebration activities. SVKM's IOT IIC established on 24-08-2022. Department of Applied Science and Humanities organized a Motivational Session on "Lean Startup & Minimum Viable Product/Business" on 24th August 2022 at 3:00 PM as IIC Calendar Activity.

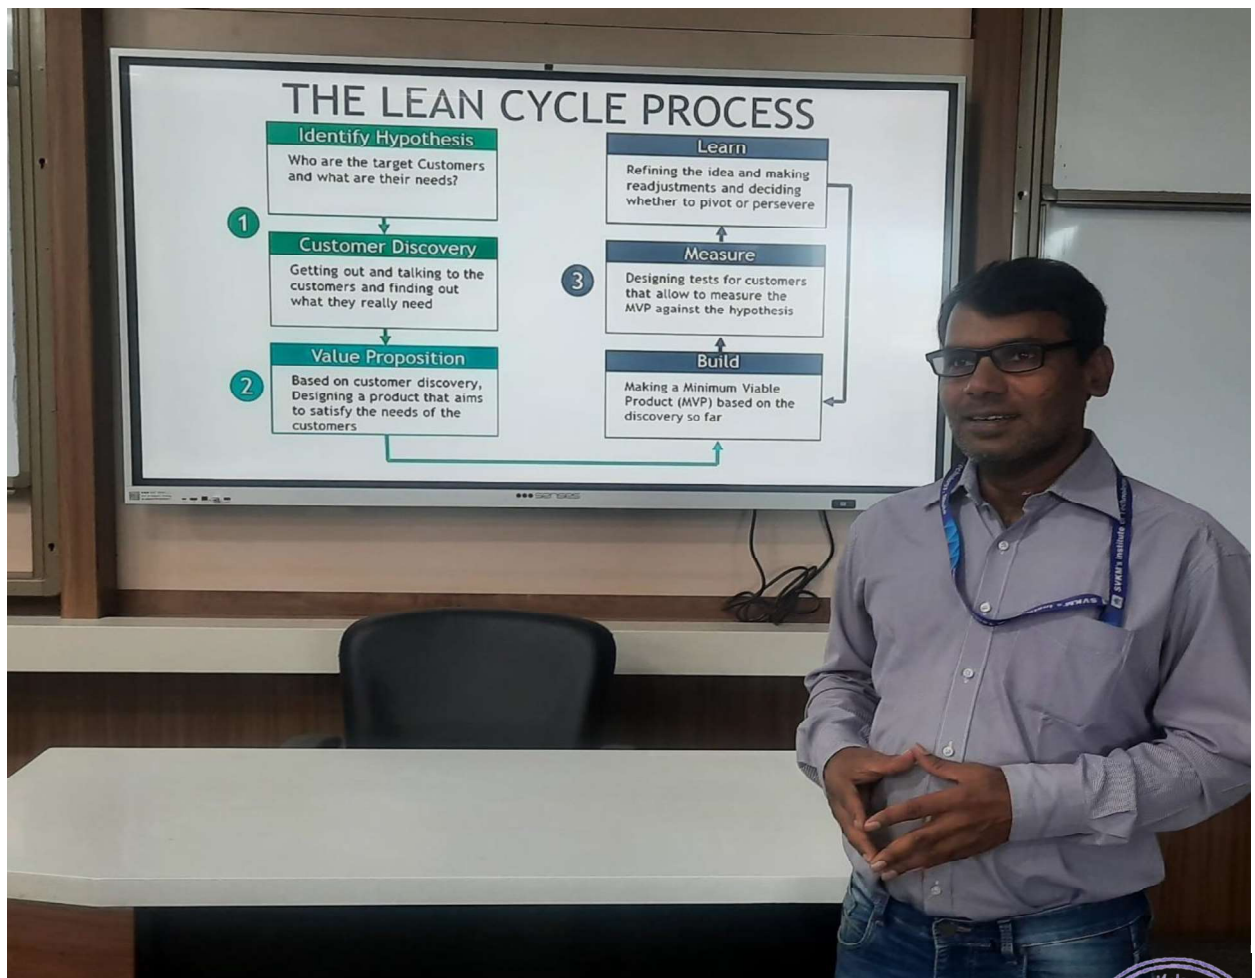

For this mentoring session, as a guest speaker we have invited Dr. Sambaji Rao, Asst. Prof. SVKM's Institute of Technology Dhule, Maharashtra. Dr. Sambaji Rao completed his PhD from Indian Institute of Technology, Kharagpur. The Session was hosted by Dr. Shakeel Raheman and technically handled by, Dr. Tushar Shinde, Head of Department of Applied Science & Humanities SVKM's IOT. The session was started by Dr. Shakeel Raheman with welcome of all the participants and guest speaker. In this session, Dr. Sambaji Rao started about the history of lean startup which was started in Japan in back 1950s. Further He discussed on minimum viable product (MVP) which is a concept from Lean Startup that stresses the impact of learning in new product development. He also covered the lean startup principles of problem/solution fit, product market, growth stage, and innovative accounting. Dr. Sambaji Rao also mention to students how to start the business by the key points and consider developing a business to meet a market demand, Make a business plan. Main focus of the talk was to make students aware about the opportunities in the era of startup. Overall, students were very impressed from this expert lecture and in future if possible than they will start new business and be an entrepreneur of society.

Lastly session was ended with question answer session and vote of thanks. The guest talk was continued for more than 50 min, followed by question answer session. Total 38 Students and 4 faculty members attended the session.

Following are the some of the glimpses of the Session:

SVKM's Institute of Technology have established Institute Innovation Council (IIC) as per the norms of Innovation Cell, Ministry of Education, MHRD, Govt. of India. Under this council, all departments are conducting series of programs including IIC Calendar Activities as well as Self-Driven Activities. SVKM's IOT IIC established on 11-09-2020. Department of Computer Engineering organized Two Days Activity on 17-18th November 2022. The event started on 17th November 2022 at 10:00 AM with one of the Calendar Activity, "Innovation Idea Competition Manage Through Yukti-NIR".

For this session, we uploaded the Innovative ideas of the students for these ideas institute faculty members mentored. The ideas initially uploaded by the students at "Yukti Portal". After uploading ideas students presented their idea in front of the expert panel. This activity started on 17th November 2022. On 17th November 2022, Team Leader uploaded the ideas at portal. Total 12 Ideas uploaded. The experts evaluated ideas one by one after the presentation of the same ideas by the Team. The experts were Dr. Makarand Shahade, Prof. Khalid Alfatmi, Prof. Ashish Awate, Prof. Vijaylaxmi Bittal, Prof. Umakant Mandawkar, Prof. Kiran Somwanshi, Prof. Amir Khan Pinjari and Prof. Rinku Sharma. Along with IIC Evaluators Dr. Namra Joshi, Prof. Sagar Badjate and Prof. Mayuri Kulkarni.

Lastly the session was ended with encouraging guidelines to the students by all Expert Panel Members.

Following are the some of the glimpses of the Session:

Objectives

1. To encourage participants to come up with innovative ideas.
2. To aware participants about innovation in the various technology areas.

Benefits:

1. Participants learned about Yukti Portal.
2. Participants gained confidence to present their innovative idea in front of the panel.

We are thankful to Today's experts for enlighten participants. We are also thankful to SVKM's IOT Management & our honorable Principal Dr. Nilesh Salunke, IIC President SVKM IOT, Dr. Shrikant B. Randhavane IIC Vice President, SVKM IOT, Dr. Namra Joshi, IIC Convener, SVKM IOT, and last but not the least to all participants attended this IIC program.

Event Details

SVKM's Institute of Technology have established Institute Innovation Council (IIC) as per the norms of Innovation Cell, Ministry of Education, MHRD, Govt. of India. Under this council, all departments are conducting series of programs including IIC Calendar Activities as well as Self-Driven Activities. SVKM's IOT IIC established on 11-09-2020. Department of Information Technology organized Expert Lecture on 17th November 2022 at 10:00 AM with one of the Calendar Activity, "My Story Motivational Session by Successful Entrepreneur/Start-up Founder.

For this session as a guest speaker we have invited **Mr. Darshan Rajput**, YouTuber, Manufacturer's Business Guide. Manufacturer's guide Darshan Rajput is a famous YouTuber and an entrepreneur who excelled in his life with his famous YouTube channel 'Manufacturer's guide' starting from scratch and elevated himself to a level with a fan base of more than **2 million subscribers** on YouTube. He has successfully earned whopping views of more than 1 billion collectively on his YouTube channel' videos of "Manufacturer's Guide" in a span of 2 years".

Session was hosted by Gaurav Birari (SYIT, IIC Co-coordinator) and technically handled by Sanket Gadhe (SYIT, IIC Coordinator), SVKM's IOT. Session started by Gaurav Birari, with welcome of all the participants and guest speaker. In this session, Mr. Darshan has shared his experiences and the problems he faced during his journey. He explained the importance of networks building surroundings, he explain own journey of entrepreneurship, during he has done collaborative work, he explained initially with his start-up named "Tissue wala". He tirelessly toiled hard for the initial six months like every start-up and gradually he started making a good business after a brief period of struggle. Amidst everything

he thought of informing people about his manufacturing business “Tissue wala” and what it takes right from establishment to marketing and sales”. Overwhelmed with the positive response the views in his videos skyrocketed to millions and he started getting demand to create more educative videos. With an aim to bring change in every aspiring entrepreneur’s life he chose YouTube as his full-time profession and began with “Manufacturer’s Guide. Overall, students were very impressed from this motivational session.

Lastly session was ended with question answer session and vote of thanks proposed by **Tejaswini Buwa** (SYIT,IIC Coordinator). The expert talk duration is more than 1 hour, followed by 15 min question answer session. Total 47 participants attended this event.

Following are the some of the glimpses of the Session:

Objectives

1. To give a new perspective and boost desire to achieve a meaningful goal in life.
2. To set goals to become entrepreneur.

Benefits:

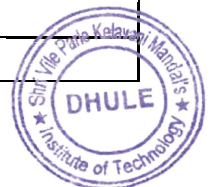

- Participants aware about creative thinking skills.
- Participants incentivized about entrepreneurship.

We are thankful to Today's speaker Mr. Darshan Rajput for enlighten participants. We are also thankful to SVKM's IOT Management & our honorable Principal Dr. Nilesh Salunke, IIC President SVKM IOT, Dr. Shrikant B. Randhavane IIC Vice President, SVKM IOT, Dr. Namra Joshi, IIC Convener, SVKM IOT, and last but not the least to all participants attended this IIC program.

Event Details

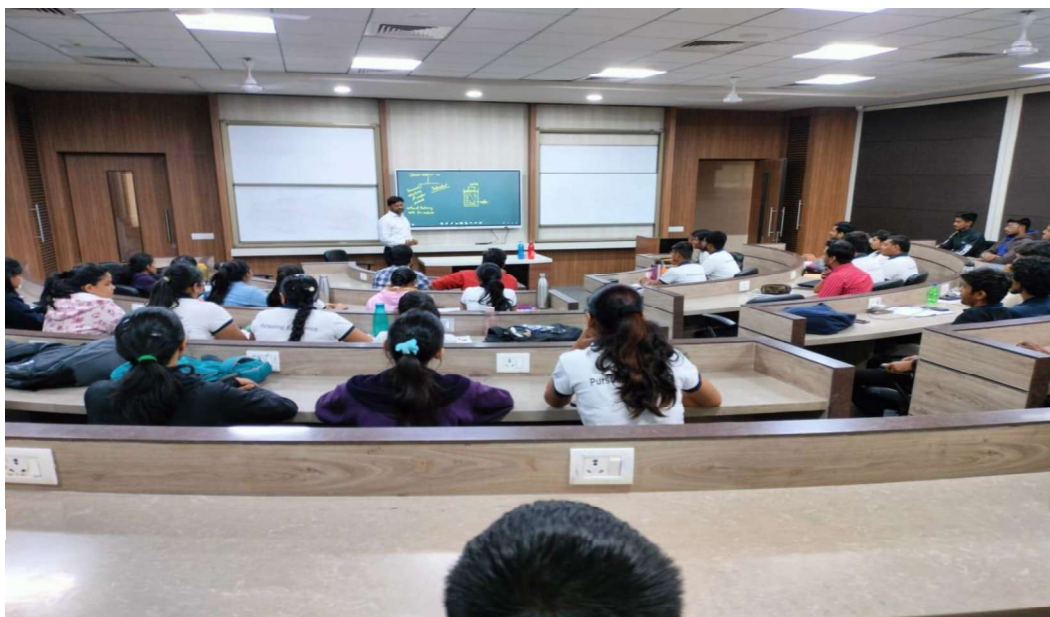

SVKM's Institute of Technology have established Institute Innovation Council (IIC) as per the norms of Innovation Cell, Ministry of Education, MHRD, Govt. of India. Under this council, all departments are conducting series of programs including IIC Calendar Activities as well as Self-Driven Activities. SVKM's IOT IIC established on 11-09-2020. Department of Civil Engineering organized Workshop on "Design Thinking & Critical Thinking" on 18 November 2022 at 4:00 PM with one Self-Driven Activity, "Design thinking and Critical thinking".

For this Workshop, as a guest speaker we have invited Mr. Rishabh Rathore, Design Engineer at Ramboll, Haryana. Session was hosted by Prof. Deepak Singh Baghel and Prof. Achal Agrawal, IIC Ambassador, SVKM's IOT. Session started by Prof. Deepak Singh Baghel with welcome of all the participants and guest speaker. In this session, Mr. Rishabh explained briefly about the software's used for the Design and also about the network laying in software and network optimization. He explained the importance of 'Water Gems' which is used to design the water distribution networks and also guide about Manual design of water treatment plant, intake well etc. He explained his own journey and ups and down the he faced, during he has done collaborative work with government department. He has explained, how he met various peoples of other countries to work with collaboratively, he explained his projects assignments on Water treatment plants and intake wells. Main focus of the talk was to make students aware about the opportunities and Ideas regarding improvements in Design. Overall, students were very impressed from this lecture which will be very helpful in Drawing Preparations on CAD as budding Engineer and in future if possible than they will start new business and be an entrepreneur of society. Lastly session was ended with question answer session and vote of thanks. The guest talk went on for more than 128 min, followed by 15 min question answer

session. For this session, total 10 faculty & staff members and more than 33 students attended the session. Lastly session was ended with question answer session and followed by vote of thanks proposed by Prof. Achal Agrawal for the precious time of the Guest.

Following are the some of the glimpses of the Session:

Objectives

1. To give essentials about Design Thinking.
2. To make participants aware about critical thinking ideas.

Benefits:

1. Participants aware about creative thinking skills.
2. Participants learned to design water distribution networks.

We are thankful to Guest speaker Mr. Rishabh Rathore for enlightening us about the topic. We are also thankful to SVKM's Management & our honorable principal Dr. Nilesh Salunke, IIC President SVKM IOT, Dr. Shrikant B. Randhavane, IIC Vice President, SVKM IOT, Dr. Namra Joshi, IIC Convener, SVKM IOT, and last but not the least to all participants attended this IIC activity.

Event Details

SVKM's Institute of Technology have established Institute Innovation Council (IIC) as per the norms of Innovation Cell, Ministry of Education, MHRD, Govt. of India. Under this council, all departments are conducting series of programs including IIC Calendar Activities as well as Self-Driven Activities. SVKM's IOT IIC established on 11-09-2020. Department of Applied Science & Humanities organized Expert Lecture on 28th November 2022 at 10:00 AM with one of the Calendar Activity, "My Story Motivational Session by Successful Innovator.

For this session Mr. Mohammad Yousuf, CEO of catalystOne consulting service, Hyderabad as a guest speaker. Mr. Mohammad Yousuf completed his DECE in electronics and B.Tech in Computer Science and Information Technology. Furthermore, He also done M.Tech in computer science and Technology. The session started by Dr. Shakeel Raheman with welcome of all the participants and guest speaker. Further the session was handover to Prof. Lahu aware (Asst. Prof. SVKN's IoT Dhule) who enlightened the students and faculties with importance of Innovation followed by introducing and establishment of IIC in institute. After that he gave brief introduction of guest speaker.

The expert of the session has covered the motivational session about innovation. He explained about the revolution in industry and IT sector & opportunities for engineers in the innovation. He also discusses about the digitized, deceptive and disruptive with example of 3D printer. He continued his discussion about the first phase when it is digitized it is deceptive. We don't know it is very slow. You & I will not know about it becoming digitized. It is very slow happening in some corners of the world. We even don't know about it becoming digitized. Then it became disruptive the moment it becomes disruptive, you and I will come to know. Furthermore, he shares how to grow your startup in the village and rural area to sell

the products.

Lastly the session was ended with question answer session and vote of thanks by Dr. Shakeel Rahman and Prof. Prashant Gawade. The guest delivered his talk for more than 75 minutes, followed by 15 min question answer session. The Session was conducted in hybrid mode for which total 54 registrations count in which 43 students and 9 faculty members were joined this event.

Following are the some of the glimpses of the Session:

Objectives

1. To encourage participants for journey from engineering to become a successful innovator.
2. To aware participants about Revolution in technology.

Benefits:

1. Participants learned about revolution of technology.
2. Participants learned about basic steps for the innovation in technology.

We are thankful to Today's speaker Mr. Mohammad Yousuf for enlighten participants. We are also thankful to SVKM's IOT Management & our honorable Principal Dr. Nilesh Salunke, IIC President SVKM IOT, Dr. Shrikant B. Randhavane IIC Vice President, SVKM IOT, Dr. Namra Joshi, IIC Convener, SVKM IOT, and last but not the least to all participants attended this IIC program.

Event Details

SVKM's Institute of Technology have established Institute Innovation Council (IIC) as per the norms of Innovation Cell, Ministry of Education, MHRD, Govt. of India. Under this council, all departments are conducting series of programs including IIC Calendar Activities as well as Self-Driven Activities. SVKM's IOT IIC established on 11-09-2020. Department of Mechanical Engineering organized Expert Lecture on 30th November 2022 at 1:30 PM with one of the Self-Driven Activity, "Seminar on R & D and Innovation".

For this seminar, the speaker was Dr.Hitesh Thakare from SVKM's Institute of Technology, Dhule. Seminar was hosted and handled by Prof. Dattatray Doifode and Dr.Amol Badgujar, IIC faculty coordinators of SVKM's IOT. Session was started by Mr. Divyesh Powar and welcomed all the participants and guest speaker, followed by introducing an establishment of IIC in the institute. After that, he gave a brief introduction of the guest speaker. After the introduction, the speaker presented on "R&D and Innovation". The expert of the session has covered Need of R & D and Innovation, Basic research process, Research process steps, Research papers, Importance of Negative results in the research work, Innovation life cycle, Types of innovations, Unconventional innovation, Important aspects of innovation etc

Lastly the session was ended with question answer session and vote of thanks by Prof. Dattatray Doifode. Total of 77 participants have attended the seminar including the students, staff and the faculty members.

Following are the some of the glimpses of the Session:

Objectives

1. To learn about the research and developments process.
2. To create awareness about the Innovation and its types

Benefits:

1. It gave the knowledge about the process of research and development
2. It helped the audience about understanding the various types of innovations.
3. In future it will be helpful to boost the innovative culture in the institute.

We are thankful to Today's speaker Dr. Hitesh Thakare for enlighten participants. We are also thankful to SVKM's IOT Management & our honorable Principal Dr. Nilesh Salunke, IIC President SVKM IOT, Dr. Shrikant B. Randhavane IIC Vice President, SVKM IOT, Dr. Namra Joshi, IIC Convener, SVKM IOT, and last but not the least to all participants attended this IIC program.

SVKM's IOT, Dhule

Event Details

SVKM's Institute of Technology have established Institute Innovation Council (IIC) as per the norms of Innovation Cell, Ministry of Education, MHRD, Government of India. Under this council, all departments are conducting series of programs including IIC Calendar Activities as well as Self-Driven Activities. SVKM's IOT IIC established on 11-09-2020. Department of Civil Engineering organized workshop on "Entrepreneurship Skill, Attitude and Behavior Development" on 03.December.2022 at 11:00 AM.

For this workshop, as a guest speaker we have invited Param Pujyaniya Aanand Jeevan Swamiji and Dr. Jitesh Pathak. The seminar was hosted by CESA under guidance of Dr. Shrikant B. Randhavane, HOD and Prof. Achal Agrawal. The event started with the introduction of Saturday Club by the chairman of Saturday Club Global Trust. The program was further preceded by the first guest speaker Param Pujyaniya Aanand Jeevan Swamiji. Swamiji guided about how we should keep our behavior and attitude in this era. He also gave some knowledge about spirituality. The next guest speaker Dr. Jitesh Pathak shared his experience and explained importance of ethics in entrepreneurship. Main focus of the talk was to make students aware about what happening in the society.

Overall students were impressed with the session and program was ended with the vote of thanks and national anthem.

Following are the some of the glimpses of the Session:

Objectives

1. To give essentials about Entrepreneur.
2. To set goals to become entrepreneur.
3. To know about spirituality.

Benefits:

1. Participants aware about creative thinking skills, attitude and behavior development.
2. Participants learned Qualities of Entrepreneur.

We are thankful to Today's Speaker, Param Pujyaniya Aanand Jeevan Swamiji and Dr. Jitesh Pathak for enlighten us about Spirituality and Entrepreneurship. We are also thankful to SVKM's Management & our honorable principal Dr. Nilesh Salunke, IIC President SVKM IOT, Dr. Shrikant B. Randhavane, IIC Vice President, SVKM IOT, and Dr. Namra Joshi, IIC Convener, SVKM IOT, and last but not the least to all participants attended this IIC activity.

Activity Report of One Day Workshop on Effective Research Paper Writing

Aim: To improve Research Paper Writing

Objective: To guide faculty and students for writing research paper effectively.

Name of Program: One-day Workshop On “Research Paper Writing”

Organized by: **Convener:** Dr. Bhushan Chaudhari,
Coordinator: Mr. Sachin Kamble

Event Date: 8th Dec. 2022

Participants: Faculty and students of SVKM IOT, Dhule .

Outcomes: Participants learned:

- To identify the research area.
- To write research paper.
- Paper writing terminologies.
- Suitability of journals for publication.
- Effective use of tools for writing research paper.

Activity Brief:

One-day Workshop On “ Research Paper Writing” was conducted in online mode by Dr. Bhushan S. Chaudhari on 8th Dec. 2022 from 02.00 pm to 04:00 pm at SVKM IOT, Dhule. There were 150 students and 6 faculties participated in the workshop.

A comprehensive set of topics pertaining to scientific paper writing were covered in the workshop. Dr. Bhushan Chaudhari shared tips and tricks on selecting research statements, identifying suitable journals for publication, paper writing ethics and standard practices in session. He explained and demonstrated effective use of grammar checking tool (Grammarly) and reference manager tool (Mendeley).

Workshop ended with question answer session and vote of thanks by Prof. Rubi Mandal madam.

Event Details

SVKM's Institute of Technology have established Institute Innovation Council (IIC) as per the norms of Innovation Cell, Ministry of Education, MHRD, Government of India. Under this council, all departments are conducting series of programs including IIC Calendar Activities as well as Self-Driven Activities. SVKM's IOT IIC established on 11-09-2020. Department of Applied Science & Humanities organized Session on "Intellectual Property Rights & Patent Writing on 30.January.2023 at 03:00 PM.

Prof. Prerna Ikhar began the session by welcoming all participants and the guest speaker. Then session was handed over to Dr. Bhushan Chaudhari, IQAC Coordinator, SVKM's IoT Dhule, who presented a welcoming address and shared objective of the session with participants.

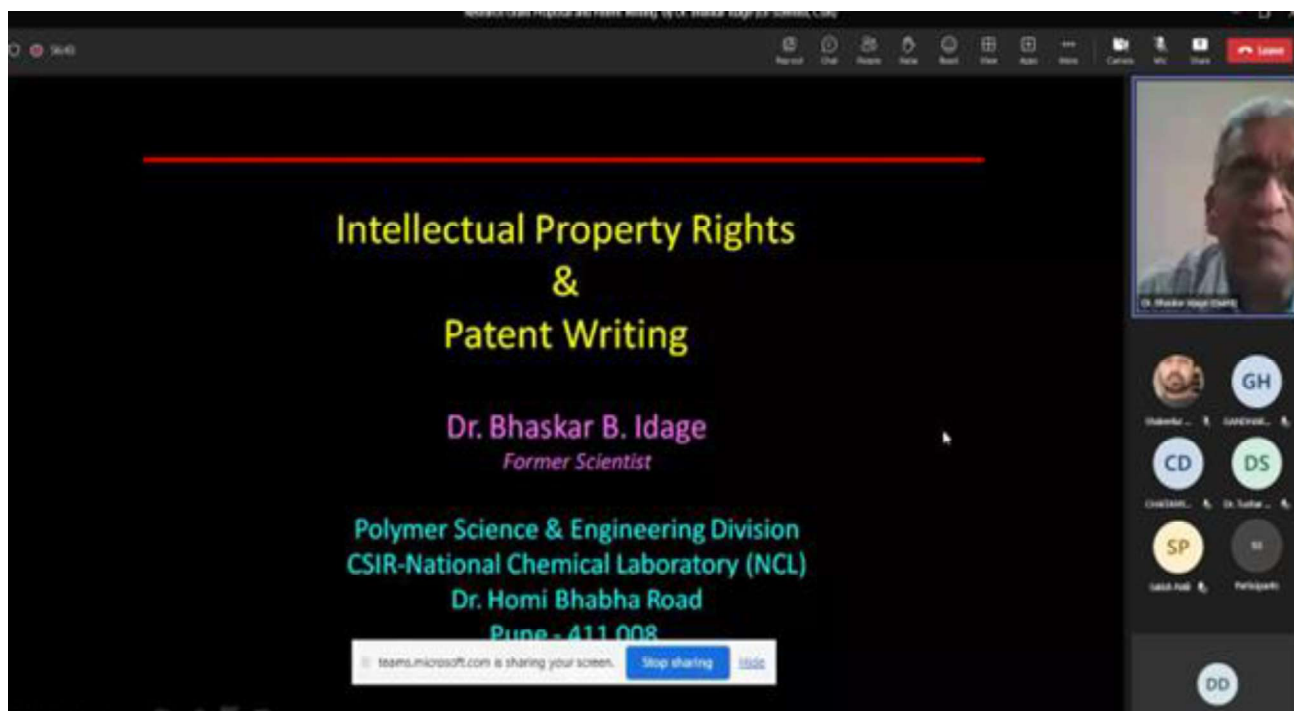

Resource Person, Dr. Bhaskar Idage have taken the session forward. At the start, Dr. Bhaskar sir discussed importance of IPR. Then, he discussed grant proposal writing and explained in general, a grant proposal includes a project concept, a justification of why the organization wants grant funds, and proof proving the project's necessity and quality. He carried the session, how should a problem statement be written? This is the main section of our study proposal, and the literature review is very crucial. Similar to that, it was crucial while creating the patent. In a similar manner, it is crucial when developing project proposals. Further he continued his session about the essential ingredients of writing proposal. The first element is the issue. First, we must identify the issue, or the problems that our research will reveal. Then, based on those issues, we have to define a research proposal. Finally, Dr. Bhaskar Idage concluded his first session about the funding agencies in India that would support our research. The Department of Scientific and Technology (DST) is one of the financing organizations for engineering, science,

and technology research in India that is run by the Indian government. We can write a proposal to the Department of Biotechnology. We can also submit a proposal to the Council for Industrial and Scientific Research (CSIR). Lastly session was added with question answer session. The guest speaker delivers his talk for more than 130 minutes followed by 15 minutes' question and answer. The expert talk was conducted in hybrid mode for which total 120 registrations count in which 84 students and 36 faculty members were joined this event.

Following are the some of the glimpses of the Session:

Objectives:

- To create awareness towards securing ideas through IPR & convert it to Patents & research projects.

Benefits:

- Participants will be able to file patents.
- Participants will be able to proceed for research project.

We are thankful to Today's speaker Dr. Bhaskar B. Idage for enlighten us about IPR. We are also thankful to SVKM's Management & our honorable principal Dr. Nilesh Salunke, IIC President SVKM IOT, Dr. Shrikant B. Randhavane IIC Vice President, Dr. Tushar Shinde, HOD Applied Science & Humanities Department SVKM IOT, Dr. Namra Joshi, IIC Convener, SVKM IOT, last but not the least to all participants attended this IIC activity.

Event Details

SVKM's Institute of Technology have established Institute Innovation Council (IIC) as per the norms of Innovation Cell, Ministry of Education, MHRD, Government of India. Under this council, all departments are conducting series of programs including IIC Calendar Activities as well as Self-Driven Activities. SVKM's IOT IIC established on 11-09-2020. Department of Electrical Engineering organized Session on "Achieving Problem Solution Fit & Product Market Fit" on 10.February.2023 at 03:30 PM.

For this expert talk, the speaker was **Dr. Ankush Mudholkar** from SVKM's Institute of Technology,Dhule. The Session was hosted and handled by Prof. Jagdish More, IIC faculty coordinators of SVKM's IOT, Dhule. IIC Student Coordinator Mr. Kalyan Gajare welcomed all the participants and introduced guest speaker, followed by introduction of an establishment of IIC in the institute. After that, he gave a brief introduction of the guest speaker. After the introduction, the speaker presented on "Achieving Problem Solution Fit & Product Market Fit". Towards the end for the session, a vote of thanks was given by Ms. Hemangi Nikumbhe, IIC Student Committee Member and she also officially declared the successful completion of the expert talk. Total of 41 participants have attended the expert talk session including the students, staff and the faculty members.

Following are the some of the glimpses of the Session:

Objectives

1. To make the participants understand the process of achieving the solution fit product.
2. To make participants understand the process developing the solution fit and market fit product.

Benefits:

1. The participants understood the meaning of solution fit and market fit product after attending the session.
2. The participants understood the process developing the solution fit and market fit product after attending the session.

We are thankful to Today's Speaker, Dr. Ankush Mudholkar for enlighten us about Achieving Problem Solution Fit & Product Market Fit. We are also thankful to SVKM's Management & our honorable principal Dr. Nilesh Salunke, IIC President SVKM IOT, Dr. Shrikant B. Randhavane, IIC Vice President, SVKM IOT, and Dr. Namra Joshi, IIC Convener, SVKM IOT, and last but not the least to all participants attended this IIC activity.

Event Details

SVKM's Institute of Technology have established Institute Innovation Council (IIC) as per the norms of Innovation Cell, Ministry of Education, MHRD, Government of India. Under this council, all departments are conducting series of programs including IIC Calendar Activities as well as Self-Driven Activities. SVKM's IOT IIC established on 11-09-2020. Department of Information Technology organized Seminar on "Role of IPR" on 21.February.2023 at 11:00 AM.

For this Seminar, as a guest speaker we have Mr. Mangesh Balpande, Assistant Professor, SVKM-IOT, Dhule. He pursued his M.Tech in Computer Science & Engg and B.E. in Computer Engineering. Having experience of 11 years. He has core knowledge of Machine Learning, Theory of Computer, and Analysis of Algorithms.

Intellectual property rights (IPR) are becoming increasingly important in today's world, where innovation and creativity are highly valued. Mangesh Balpande, an Assistant Professor at SVKM-IOT Dhule, has likely discussed various aspects of IPR during the seminar, and below are some important insights he may have shared:

Protecting innovation: Intellectual property rights are essential for protecting innovative ideas, technologies, and creations from being copied or misused by others. By obtaining patents, trademarks, copyrights, and other forms of IPR, innovators can prevent others from using their ideas without permission or compensation, which can encourage investment in research and development.

Encouraging creativity and innovation: IPR protection can also foster innovation by providing creators with incentives to come up with new and innovative ideas. By offering legal protection, innovators can reap the rewards of their creative efforts, which can help to drive continued innovation and progress.

Building brand identity: Trademarks are a key form of IPR that help businesses to build brand identity and reputation. By registering a trademark, a business can establish a unique brand identity, and prevent others from using similar marks that may cause confusion among consumers.

Access to funding: Intellectual property can also be used as collateral for loans, which can help businesses and individuals secure funding to support their innovations. Investors are more likely to invest in ideas that are legally protected, as this reduces the risk of infringement and the potential for lost profits.

Global implications: In today's global economy, intellectual property rights have significant implications for international trade and business. By understanding and protecting their intellectual property, businesses can expand their operations and compete on a global scale.

In summary, the importance of IPR lies in its ability to encourage innovation, protect innovative ideas and technologies, and establish brand identity, all of which are essential for success in today's competitive economy

Following are the some of the glimpses of the Session:

Objectives:

The objective of the seminar on Role of IPR is to raise awareness and provide knowledge about the importance of intellectual property rights in fostering innovation, protecting creativity, building brand identity, accessing funding, and competing in the global economy.

Benefits:

- Improved understanding of intellectual property rights and how they can be used to protect their own ideas and creations.
- Greater knowledge of the legal mechanisms available to prevent others from infringing on their intellectual property.
- Increased awareness of the potential benefits of securing intellectual property rights, including the ability to access funding, build brand identity, and compete in the global economy.
- Networking opportunities with other participants and speakers, potentially leading to new business opportunities and collaborations.
- Access to expert insights and advice on intellectual property issues, helping participants to make informed decisions and protect their innovations effectively.

We are thankful to Today's speaker Mr. Mangesh Balpande for enlighten us about IPR. We are also thankful to SVKM's Management & our honorable principal Dr. Nilesh Salunke, IIC President SVKM IOT, Dr. Shrikant B. Randhavane IIC Vice President, Dr. Bhushan Chaudhari, HOD IT Department SVKM IOT, Dr. Namra Joshi, IIC Convener, SVKM IOT, and Prof. Sagar Badjate ,last but not the least to all participants attended this IIC activity.

Event Details

SVKM's Institute of Technology have established Institute Innovation Council (IIC) as per the norms of Innovation Cell, Ministry of Education, MHRD, Government of India. Under this council, all departments are conducting series of programs including IIC Calendar Activities as well as Self-Driven Activities. SVKM's IOT IIC established on 11-09-2020. Department of Mechanical Engineering organized Expert Talk Session on “**Commercialization of Lab Technologies & Tech-Transfer**” on 22.February.2023 at 03:30 PM.

For this expert talk, the speaker was **Dr. Amol Badgujar** from SVKM's Institute of Technology,Dhule. The Session was hosted and handled by Prof. Dattatray Doifode, IIC faculty coordinators of SVKM's IOT, Dhule. Mr. Rupesh Girase welcomed all the participants and guest speaker, followed by introduction of an establishment of IIC in the institute. After that, he gave a brief introduction of the guest speaker. After the introduction, the speaker presented on “Commercialization of Lab Technologies & Tech-Transfer”. Towards the end for the session, a vote of thanks was given by Mr. Vedant Tandale and he also officially declared the successful completion of the expert talk. Total of 68 participants have attended the expert talk session including the students, staff and the faculty members.

The topics covered by the speaker during this expert talk are as follows-

1. Invention
2. Innovation
3. Technology
4. Technology Readiness Level (TRL)
5. Valley of death between academia and Industry
6. Technology Transfer process

Following are the some of the glimpses of the Session:

Objectives

1. To explain difference between invention and innovation.
2. To explain technology readiness levels in commercialization.
3. To create awareness about technology transfer process.

Benefits:

1. Participants understood the process of commercialization of technologies developed in laboratory or academia
2. Participants realized difference between invention and innovation.
3. In future, it will be helpful to boost the innovative culture in the institute.

We are thankful to Today's Speaker, Dr. Amol Badgajar for enlighten us about Commercialization of Lab Technologies & Tech Transfer. We are also thankful to SVKM's Management & our honorable principal Dr. Nilesh Salunke, IIC President SVKM IOT, Dr. Shrikant B. Randhavane, IIC Vice President, SVKM IOT, and Dr. Namra Joshi, IIC Convener, SVKM IOT, and last but not the least to all participants attended this IIC activity.

Objectives of workshop

In line with IIC calendar activity, to give brief idea to participants:

1. Understanding the Intellectual Property Rights (IPRs) and IP management for start-up.
2. To give students innovative perspectives, ideas, concepts, and solutions on Intellectual Property Rights (IPR) and IP Management for Startups.

Benefits

1. This workshop aims to assist Students/ Researcher understanding the Intellectual Property Rights (IPRs) and IP management for start-up.

Workshop highlights

SVKM's Institute of Technology Dhule, in association with IIC organized workshop on Intellectual Property Rights (IPRs) and IP management for start-up on 24th May 2023 at 1:00 pm to 3:00 pm. For this seminar, as a guest speaker, we have invited Dr. Manoj Sonawane, Assistant Professor, SVKM's Institute of Technology, Dhule, India. Prof. Lahu Aware began the workshop by welcoming all participants and the guest speaker, as well as performing the traditional lamp lighti tradition. Furthermore, it was given over to Dr. Shakeel Raheman, IIC coordinator, SVKM's IoT Dhule, who gave a welcoming message and shared the workshop objectives with participants. Resource Person, Dr. Manoj Sonawane have taken the session forward. He discusses about What is IPR? and Important of IPR management and startup. Dr. Manoj Sonawane gave a thorough presentation that covered all facets of IPR throughout the talk. He provided recommendations on which kinds of invention may be protected as well as information on IP rights, the importance of owning a trademark for a brand. During the seminar He provided a full explanation so that the students could learn about the several legal facets of trademarks and patents, such as IPR rights and IP assistance for entrepreneurs. The presentation discussed issues such as the procedure for submitting and registering trademarks and patents for startups, as well as the advantages entrepreneurs may enjoy, including lower costs, expedited processing of trademark applications, legal relief, and protection from fines related to trademarks and patents. The workshop also covered important IPR-related portions of Indian legislation as well as possible legal actions that may be done if a brand violates one's IPR. The speaker delivers his talk for more than 120 minutes followed by 10 minutes' question and answer. The expert talk was conducted in in SVKM's class room No. 514 for which total 61 students and 3 faculties were present for this work shop. At the end of the expert talk, feedback link was share to participants and their received responses have attached below in chart format.
