A **AUTOCAD** **TRAINING COURSE**

Resource Person:- Mr. Nikhil Bagul, Cadd Centre

Shree Vile Parle Kelavani Mandal's
Institute of Technology, Dhule
Approved by AICTE & Affiliated to DBATU
DEPARTMENT OF CIVIL ENGINEERING

Date: 29/11/2022|

NOTICE

All students of Department of Civil Engineering are hereby informed that **Training Course** of “**AutoCAD**” is scheduled from 05 December 2022.

Expert: CADD Centre, Dhule.

Venue: CAD Lab.

Time:

Dr. Shrikant Randhavane,
Head - CED

TRAINING COURSE FLYER:

**CADD
CENTRE**
Skills Driven. Job Led

Shri Vile Parle Kelavani Mandal's
Institute of Technology, Dhule
Department of Civil Engineering

Presents

“AutoCAD Training Course”

From: 5th Dec. 2022
Venue : CAD Lab.

Expert
CADD Centre, Dhule.

Organized by,
Training & Placement Committee.
(T&P)

ATTENDANCE:

Mahekan Amit Ahuja

Yash Sanjay Deshmukh

SUMMARY:

The Department of Civil Engineering has initiated an advanced AutoCAD training program for second-year students, under the expert tutelage of Mr. Nikhil Bagul, commencing on 5th December 2022. This program aims to equip students with an in-depth comprehension of AutoCAD, an indispensable tool within the civil engineering domain. Throughout the training period, participants acquired practical experience with the software, mastering a comprehensive array of commands and functions critical for producing precise and detailed engineering drawings.

Mr. Bagul thoroughly addressed various components of AutoCAD, ranging from fundamental operations to more sophisticated methodologies. Students were familiarized with the nuances of drafting, including techniques for drawing and modifying intricate plans, establishing layers, configuring dimensions, and incorporating annotations. Furthermore, they received instruction on interpreting and translating their designs into viable, real-world implementations.

The course underscored the importance of experiential learning, with students consistently participating in activities that mirrored authentic civil engineering scenarios. By the conclusion of the training, students not only exhibited proficiency in utilizing AutoCAD but also demonstrated confidence in leveraging these skills to address complex engineering challenges. This training has considerably augmented their technical expertise, equipping them for prospective career prospects within the civil engineering sector.
