Activity Report of One Day Training on Disaster Management

On 4th July 2022

Aim: To provide knowledge among individuals and groups to take actions to reduce their vulnerability to disasters and create awareness about basic information about Disaster Management.

Objective: To learn how to response in the Disaster Management.

Name of Program:- “One day training session on Disaster Management ”

Organized by: Mr. Manoj Sonar. N.S.S. Unite of Institute of Technology.

Participants: Faculty, Staff members and Students of SVKM IOT, Dhule.

Outcomes: Participants learned:

- Basic s of Disaster management.
- First Aids in Disaster.

Activity Brief:

Disaster management training is meant to build the competencies of disaster relief workers and volunteers in improving the preparedness and response time in all levels before and after disasters.

On 4 th July Institute conducted One day training session on Disaster Management for students. State Disaster Response Force Dhule has arrange this session to create awareness among the students and faculty members.

D.Y.S.P. Paraskar address the training session, he has given many useful tactics, which will be helpful in the natural calamities. The trained Jawans from the force showed practical. Mr. Ravikumar Lama, Head of Security S.V.K.M.’s Campus was guest for this program.

The Event conducted under the guidance of Hon. Principal Prof. (Dr) N. P. Salunke. Faculty and Staff members and the Students attend the occasion. For this program, all support given by Assi. Registrar Prof. Anmol Surayavanshi. N.S.S. Dept. Coordinators Prof. Prashant Gavade, Prof. Deepak sing Bhagel, Prof. Sachin Kamble. Worked hard to make this program successful.

**Activity “Eco Friendly Ganesh Visarjan & Nirmalaya
Collection Campaign.”**

On 09 th September 2022

Aim: Conducting activity to keep river clean.

Name of Program:- “Eco Friendly Ganesh Visarjan & Nirmalaya Collection Campaign”

Organized by: Mr. Manoj Sonar. N.S.S. Coordinator # N.S.S. Dept. of Institute of Technology

Participants: N.S.S. Unite Students and faculty members of SVKM IOT, Dhule .

Activity Brief:

The National Service Scheme of Dr. Babasaheb Ambedkar Technological University has been given many activities to conduct in the academic year; in this regard, on 9th Sep.2022 Our NSS Students organized the activity of “Eco Friendly Ganesh Visarjan & Nirmalaya Collection Campaign” at Panzara River side Dhule. Ganesha idols made of POP is the fact that POP does not degrade easily, leading to severe consequences like polluted water. The material also increases the acid content of water sources and can kill natural life in the water. Not only do they help keep the water pure and healthy but they also help keep common pests like mosquitoes at bay (fish found in lakes and ponds feed on mosquitoes keeping their numbers in check). For this, our students create awareness among the people to keep the river clean.

The N.S.S. Students collected the Ganesha idols from people and handover it to Municipal Corporation people of Dhule. Students also collect Nirmalaya from riverside and put into the vehicles of Municipal Corporation.

The Event conducted under the guidance of Hon. Principal Prof. (Dr) N. P. Salunke. Prof. Deepk Sing Baghel , Prof. Satish Patil, Prof. Ankush Mudholkar, Prof. Prashant Gawade and Prof. Sachin Kamble has given the Support for this program.

5. Miss. Swaleha Ansari

Participants: UG Students

“The earth, the air, the land, and the water are not an inheritance from our forefathers but on loan from our children. So we have to hand over to them at least as it was handed over to us.”

— Mahatma Gandhi

Gandhiji always strived for a cleaner India. Cleaning plays a vital role in our daily lives. Be it personal hygiene, such as washing our hands before we eat or covering our mouths when we cough, or setting a standard for environmental cleanliness, effective cleaning is our first line of defense against viruses and infectious diseases. While in healthcare environments the practical value of cleaning is widely accepted, in other fields such as education, property management, foodservice and hospitality, it is seen only as a necessary expense. Most building owners and facility managers view cleaning as a cost rather than an investment. As cleaning solution providers, we need to explain to executives, especially those “who hold the purse strings,” that maintaining a clean environment can pay for itself many times over, and often in surprising ways.

There are lot of diseases can be traced back to unhygienic environments and irresponsible waste disposal. The importance of cleanliness is known to all now, yet people try to keep their homes clean while they somehow just forget that they are responsible for the cleanliness of the environment as well, that they are responsible for any waste they generate and that just getting rid of it from their house won't help. It could be due to lack of knowledge or due to sheer laziness or due to irresponsibility. Sometimes all it takes is a reminder.

On the other side, Azadi Ka Amrit Mahotsav is an initiative of the Government of India to celebrate and commemorate 75 years of progressive India and the glorious history of it's people, culture and achievements.

This Mahotsav is dedicated to the people of India who have not only been instrumental in bringing India thus far in it's evolutionary journey but also hold within them the power and potential to enable Prime Minister Modi's vision of activating India 2.0, fuelled by the spirit of Atmanirbhar Bharat.

Azadi ka Amrit Mahotsav is an embodiment of all that is progressive about India's socio-cultural, political and economic identity. The official journey of “Azadi ka Amrit Mahotsav” commences on 12th March, 2021 which starts a 75 week countdown to our 75th anniversary of Independence.

Thus, under the banner of “Azadi Ka Amrut Mahotsav”, Department of Civil Engineering and Civil Engineering Students Association (CESA) in association with National Service Scheme (NSS) has

organized “Cleanliness Drive” at Varkhede Village (Dist. Dhule). The main purpose of this programme was to create awareness among the students regarding Cleanliness and its benefits. Hence, through Cleanliness Drive, an attempt has been made to make people aware of the importance and methods of handling waste responsibly and try to take a step towards a cleaner environment.

There were total 71 students, and 12 faculties have participated in the event willingly. The program was started with discussion of importance of clean environment. Then students were divided into 4 groups and started to clean the streets and explained the importance of cleaning to the village people. Cleanliness Drives through which we make people aware of the importance and methods of handling waste responsibly and try to take a step towards a cleaner environment. The event was concluded with visit to school and feedback/experience of participants.

It was a unique experience for everyone and everyone were curious to be the part of this great drive that could have transformed the face of our country for ever.

Brief report on activity	Department of Electrical Engineering,SVKM's Institute of Technology Dhule organized Tree Plantation Activity under "One Student One Tree" is an initiative of Ministry of HRD in line with the idea of Green and Healthy environment. As a responsibility towards Mother Nature and contribution to this initiative, AICTE has recommended every institute to carry out a plantation drive. Each student should plant at least one tree. More than 73 students from Department of Electrical Engineering participated in this activity on 12 th August 2019 at an Approach Road Near Institute Premises. In order to restore the eco-balance, this drive was taken with all seriousness. All the students were highly enthusiastic to make it a big success. The students planted saplings and watered the plants. The programme created a great stir among the students. At last, Students take oath to take care of planted plants & mother nature.

Brief report on activity	Department of Electrical Engineering, SVKM's Institute of Technology, Dhule organized a Flood Relief Camp at Ner Village on 16.Aug.2019. In the first two week of August 2019, heavy incessant rainfall takes place at Ner village and nearby area. The residents of this area are much affected by this unexpected heavy rainfall. Student volunteers were at the forefront providing Flood Relief Kits and helping the families in those regions. Students have collected donations from institute in the form of cash, food items and clothes for victims of this heavy flood. The student committee members themselves customized flood relief kits. The distribution took place on 30th August. Over 80 families stranded in those regions got a living support through this initiative.
