As a responsibility towards Mother Nature and contribution to this initiative, AICTE has recommended every institute to carry out a plantation drive. Each student should plant at least one tree. More than 73 students from Department of Electrical Engineering participated in this activity on 12 <sup>th</sup> August 2019 at an Approach Road Near Institute Premises. In order to restore the eco-balance, this drive was taken with all seriousness. All the students were highly enthusiastic to make it a big success. The students planted saplings and watered the plants. The programme created a great stir among the students. At last, Students take oath to take care of planted plants & mother nature.

# **National Science Day Celebration 2020**

National Science Day is celebrated in India on February 28 each year to mark the discovery of the Raman effect by Indian physicist Sir Chandrashekhara Venkata Raman on 28 February 1928. For his discovery, Sir C.V. Raman was awarded the Nobel Prize in Physics in 1930. It is one of the main science festivals in India. Every year students of the schools and colleges demonstrate various science projects and national and state science institutions demonstrate their latest researches on this day.

To follow this trend, the First Year Applied science and Humanities Department of SVKM's Institute of Technology, Dhule celebrated 33<sup>rd</sup> National Science Day on 9<sup>th</sup> March 2020. (Due to the students Continuous Assessment-I & University Remedial Examinations we were unable to celebrate National Science Day on 28<sup>th</sup> February.) In this event various activities including Talent Hunt Quiz, Poster Preparation & Presentation and Project / Model Presentation contest were held. The First and Second ranked winners of these competitions were awarded with Gold and Silver medals respectively along with event certificates. On this occasion college principal Dr. Nilesh P. Salunke sir expressed his thoughts and motivated the college students to think and explored new and innovative ideas and inspired them to try and modularized their ideas. He also appreciated the active participation of more number of girl students for all activities conducted and pointed out that we have truly celebrated National Science Day as per governments this year's theme i.e. *"Women in Science."*

For this event college principal Dr. Nilesh P. Salunke sir, all departmental coordinators, first year concern faculties and non teaching staff were present. Whole program was conducted by first year students Cultural Committee. Programme ended with refreshment for all students, teaching and non teaching staff. This program was coordinated by Prof. Chandu Koli and Dr. M. R. Sonawane.
