INTERNATIONAL CONFERENCE ON RESEARCH & DEVELOPMENT IN CIVIL ENGINEERING RDCE'21 (VIRTUAL)

THINK, DESIGN AND CREATE
December 23 – 24, 2021
Organized by

DEPARTMENT OF CIVIL ENGINEERING
SVKM'S INSTITUTE OF TECHNOLOGY, DHULE
Technically Supported by
 INDIAN SOCIETY FOR TECHNICAL EDUCATION

About SVKM,
Shri Vile Parle Kelavani Mandal is a Public Charitable Trust registered under the Society's Registration Act and Bombay Public Trust Act. From its humble beginnings in 1934, what it took over the Baskriya Shala, a school established in 1921 in the wake of the National Movement, the Mandal today has grown into a big educational complex imparting high-level education to more than 35,000 students.

After beginning its journey in the early 1930s SVKM has blossomed into an educational colossus that has attained national recognition in multiple streams of higher education. With a strong guiding philosophy of providing education to all levels of the student community along with creating a feeling of bonding and commitment amongst academic and non-academic employees, SVKM has mastered the art of being able to transform itself into a close knit family and at the same time help its students to attain all-round development, be employable and achieve success.

About SVKM's IOT, Dhule
SVKM's Dhule Campus Dhule is largely emerging as one of the biggest future hubs of technology and Education. It has gained a strategic advantage for being on the junction of three National Highways viz. NH-3, NH-6, and NH-211. Dhule is aiming to develop into an industrial town which may provide next generation technologies across infrastructure sectors. Our president has a dream to make Dhule city known for its quality education institutes. SVKM has taken an initiative to develop state of the art engineering and pharmacy institute that will impart quality education in Dhule Spread over 33 acres of land on the outskirts of Dhule, it will house colleges as SVKM's Institute of Technology.

About the Conference
Department of Civil Engineering, SVKM's Institute of Technology, Dhule, Maharashtra India is organizing a two day international conference on "RESEARCH & DEVELOPMENT IN CIVIL ENGINEERING (RDCE'21)" during December 23-24, 2021. The Conference looks for significant contributions to all major fields of Civil Engineering and Allied Domains in theoretical and practical aspects.

The aim of this conference is provide an excellent international forum for sharing knowledge and results in theory, methodology and applications of multidiscipline & its Trends. The conference will provide a platform to the researchers and practitioners from both academia as well as industry to meet and share cutting-edge innovations and development in the field.

Call for Papers
Original full length articles papers are invited from Students, Research scholars, Academicians and Industry professionals on the conference themes and it's allied areas. The full-length paper shall be in prescribed format and submitted within deadline.

Conference Themes (but not limited to)

- Sustainability and Smart Cities
- Structural and Infrastructure Engineering
- Concrete Technology
- Modeling, Simulation and Optimization
- Environmental Engineering
- Water Resources and Hydraulic Engineering
- GIS and Remote sensing
- Geomechanics, Geotechnical and Geoenvironmental Engineering

About SVKM,
Shri Vile Parle Kelavani Mandal is a Public Charitable Trust registered under the Society's Registration Act and Bombay Public Trust Act. From its humble beginnings in 1934, when it took over the Rashtrya Shala, a school established in 1921 in the wake of the National Movement, the Mandal today has grown into a big educational complex imparting high-level education to more than 35,000 students.

After beginning its journey in the early 1930s SVKM has blossomed into an educational colossus that has attained national recognition in multiple streams of higher education. With a strong guiding philosophy of providing education to all levels of the student community along with creating a feeling of bonding and commitment amongst academic and nonacademic employees, SVKM has mastered the art of being able to transform itself into a close knit family and at the same time help its students to attain all-round development, be employable and achieve success.

About SVKM's -IOT, Dhule
SVKM's Dhule Campus Dhule is largely emerging as one of the biggest future hubs of technology and Education. It has gained a strategic advantage for being on the junction of three National Highways viz. NH-3, NH-6, and NH-211. Dhule is aiming to develop into an industrial town which may provide next generation technologies across infrastructure sectors. Our president has a dream to make Dhule city known for its quality education institutes. SVKM has taken an initiative to develop state of the art engineering and pharmacy institute that will impart quality education in Dhule Spread over 33 acres of land on the outskirts of Dhule, it will house colleges as SVKM's Institute of Technology.

About the Conference
Department of Information Technology, SVKM's Institute of Technology, Dhule, Maharashtra India is organizing a two day international conference on "1st International Conference on Emerging Trends in Intelligent Computing (ICETIC'21)" during October 30-31, 2021. The Conference looks for significant contributions to all major fields of multidisciplinary in theoretical and practical aspects. The aim of this conference is provide an excellent international forum for sharing knowledge and results in theory, methodology and applications of multidisciplinary & its Trends. The aim of the conference is to provide a platform to the researchers and practitioners from both academia as well as industry to meet and share cutting-edge development in the field.

About the Conference
Department of Applied Sciences and Humanities, SVKM's Institute of Technology, Dhule, Maharashtra, India is organizing a Two-Day Virtual International Conference on "Multidisciplinary Research Aspects in Applied Sciences and Humanities" on December 23rd and 24th - 2021. The Conference looks for significant contributions to all major fields of multi-disciplines in theoretical and practical aspects. The aim of this conference is to provide an excellent international forum for sharing knowledge and results in theory, methodology and applications of multidiscipline & its trends. The objective of the conference is to present the latest practices among the academicians as well as industries to meet and share the cutting edge development in the various dimensions.

Conference Themes but not limited to:
Chemistry: Synthetic Chemistry; Applied & General Chemistry; Polymer Chemistry; Material Chemistry; Analytical Chemistry, Catalysis.
Mathematics: Applied Mathematics; Pure Mathematics; Discrete Mathematics; Computational Mathematics; Mathematical Physics.
Physics: Applied Physics, Material Science, Solar energy, Catalysis for energy application & Storage.
Communication: Culture, Communication and Employee Engagement; Communication and Corporate Social Responsibility (CSR); Communication and Social Media; Communication and Online Media Technology; Communication and Business Writing.

Review Process
All papers are subject to review and are expected to meet standards of academic excellence. All submitted papers will be reviewed by peer-reviewers.

Mode of Conference:
The conference will be conducted in Online mode.

Activity Brochure

The screenshot shows a Microsoft Teams meeting in progress. The main content is a slide titled "Addressing the need for funding" with four bullet points:

- The startup needs to assess why the funding is required, and the right amount to be raised.
- The startup should develop a milestone-based plan with clear timelines regarding what the startup wishes to do in the next 2, 4, and 10 years.
- A financial forecast is a carefully constructed projection of company development over a given time period, taking into consideration projected sales data, as well as market and economic indicators.
- The cost of Production, Prototype Development, Research, Manufacturing, etc should be planned well. Basis this, the startup can decide what the next round of investment will be for.

 The Teams interface includes a search bar, a list of participants (157, KM, JK, MD, TP, VG, TG, MD, NJ, DC), and a system tray at the bottom showing the date and time as 1:18:04 PM on 2/1/2022.

About Us

Shri Vile Parle Kelavani Mandal is a Public Charitable Trust registered under the Society's Registration Act and Bombay Public Trust Act from its humble beginnings in 1934. SVKM's Institute of Technology, Dhule is rapidly emerging as one of the biggest future hubs of technology and education in North Maharashtra region. The institute makes a preferential option for the marginalized and it seeks to forge all-round development, inculcating both human and spiritual values. Competence, compassion and commitment are the hallmarks of the human person we seek to encourage.
