The screenshot shows a Microsoft Teams meeting interface. The main content is a presentation slide titled "Machine Learning Model". The slide is divided into two sections: "Training phase" and "Testing Phase".

Training phase: An "Input" (represented by a document icon) goes into a "feature extractor", which outputs "features" (represented by a bar chart). These "features" are then fed into a "machine learning algorithm", which produces a "Label".

Testing Phase: An "Input" (represented by a document icon) goes into a "feature extractor", which outputs "features" (represented by a bar chart). These "features" are fed into a "classifier model", which produces a "Label".

The Teams interface also shows a video feed of Dr. Deepak Mane on the right side, along with a list of participants including RG, RF, and others.

3.5 Two Days on Workshop on PLC and SCADA - Second Year Electrical

3.5.1 Broucher/Notice

WORKSHOP ON PLC AND SCADA

Objective	The objective of the event was Hands on Experience of Programmable Logic controller programming. This workshop also include Programming of SCADA. And Interfacing of SCADA with Programmable logic controllers. Studying various protocols using PLC and SCADA. This event was conducted by The world of Automation, Chinchwad, Pune. We are thankful to Mr. Dinesh director, The world of Automation, Chinchwad, Pune. for conducting successfully this 2 day workshop.	
Organizer	Department of Electrical Engineering SVKM's Institute of Technology, Dhule	
Participating Class & Division	SE, TE, and BE Electrical Engineering students	
Date	29 th and 30 th May 2021	
Time	10:00 AM to 05:00 PM	
Venue	Online MS Team platform	
Coordinator/s	Mr. G.B. Patil	
Name of Speaker with Designation	Mr. Dinesh Director, The world of Automation, Chinchwad, Pune.	
Brief report on activity	<p>The event was organized with the prior permission and guidance of Honorable Principal Sir. It was supported by I/C HOD of Electrical Engineering Dept. Dr. Vishal Moyal. This event coordinated by Prof. Gaurav Patil. All the UG students (SE, TE, and BE) of EE department join this workshop as a participant. The event was very helpful to the UG students to learn and to have hands on PLC and SCADA technology. They learned how to atomize the system using Programmable Logic Controller (PLC) programming and to design the same in SCADA software. Students shared their expertise by doing small project using the free PLC software, they were also happy to take up their UG project in PLC and SCADA and implement new ideas on automation.</p> <p>This workshop will increase employability and will create confidence among students, which will help them in future venture in industry, in the area of automation.</p>
