Minutes of the 3rd Meeting of Internal Quality Assurance Cell (IQAC) held on 7th November 2022 at 3:00 p.m. in Board Room near Principal cabin.

Agendas:

- To discuss the Zonal level Avishkar Competition

Following members were on leave of absence -

1. Mr. Rajkumar Yadav IQAC Member
2. Dr. Vishal Moyal, IQAC Member

Hon'ble Principal Dr. Nilesh Salunke welcomed the committee at the beginning and presided over the meeting.

Dr. Nilesh Salunke stressed on the following points –

- The Institute will take part in the Avishkar 2022 Competition.
- This competition aims to promote a research culture in students and further motivate them to turn their concepts into practical realities.
- Motivate students to participate in Avishkar 2022.
- Discuss role and responsibilities of research committee members.

The meeting ended with question-answer session and vote of thanks to the Chair.

IQAC

Action Taken Report

IQAC Meeting held on 7th November 2022

The action taken by Internal Quality Assurance Cell (IQAC) as suggested by IQAC team and administrator (Secretary, Principal and HOD's) and suggestion were implemented and appropriate action were taken as recommended meeting held on 7th November 2022.

Sr. No.	Agenda Item	Action Taken
1	Department and Institute level Avishkar poster competition.	In accordance with the IQAC meeting held on 7 th November 2022 as per the suggestion of IQAC team members and administrator the department-level poster competition Avishkar was conducted for Undergraduate, and Postgraduate on 18th November and Institute-level Avishkar poster competition was conducted on 19th November 2022.
		The competition was held in six different areas listed below. 1) Humanities, Languages, Fine Arts. 2) Commerce, Management, Laws. 3) Pure Science. 4) Engineering and Technology. 5) Medicine and Pharmacy. 6) Agriculture and Animal Husbandry.
		The evaluation of the projects of the participants was carried out by all the heads of the department who were Dr. Makarand Shahade, Dr. Hitesh Thakare, Dr. Bhushan Chaudhari, Dr. Vishal Moyal, Dr. Shrikant Randhavane, Dr. Tushar Shinde
		A total of 12 student project groups have qualified for the Avishkar zonal-level round.
		To motivate students, all qualified students received a certificate and a medal.
		Assistant registrar Mr. Anmol Suryawanshi and department faculty coordinators Dr. Shakeelur Raheman, Prof. Rubi Mandal, Prof. T M Shubham, Prof. Deepak Singh Baghel, department students coordinators, and other teaching and non-teaching staff members have all contributed significantly to the success of this event.

Minutes of the 1st Meeting of Internal Quality Assurance Cell (IQAC) held on 9th January 2023 at 3:00 p.m. in Board Room near Principal cabin.

Agendas:

- To discuss the seminar on Intellectual property rights.

Following members were on leave of absence -

1. Dr. Narayan Chandak

The committee was greeted at the meeting's start by Honourable Principal Dr. Nilesh Salunke.

Dr. Nilesh Salunke stressed on the following points –

- Discussion on IPR advancements and their application in India.
- To create awareness of IPRs, particularly patents and copy rights, among SVKM's IoT Dhule faculty members.
- To assist students and innovators in respect of patenting their innovation.
- To inspire researchers and faculty to submit their work for patents and publish in reputable journals.
- Discussed the role and responsibilities of research committee members for awareness seminar.

The meeting ended with question-answer session and vote of thanks to the Chair.

EVENT REPORT

Internal Quality Assurance Cell (IQAC), SVKM's Institute of Technology Dhule, organized one-day expert talk on research grant proposal and patent writing on 30th-January-2023 at 10:00 am to 4:00 PM. For this expert, as a guest speaker, we

have invited Dr. Bhaskar Idage, Ex. Scientist polymer science and engineering division, CSIR National Chemical laboratory Pune - MS, India.

Prof. Purna Ikhari began the seminar by welcoming all participants and the guest speaker, as well as performing the traditional lamp lighting tradition. In addition, the webinar was handed over to Dr. Bhushan Chaudhari, IQAC Coordinator, SVKM's IoT Dhule, who presented a welcoming address and shared seminar objective with participants.

Resource Person, Dr. Bhaskar Idage have taken the session forward. In the first session, he discussed grant proposal writing and explained in general, a grant proposal includes a project concept, a justification of why the organisation wants grant funds, and proof proving the project's necessity and quality. He carried the session, how should a problem statement be written? This is the main section of our study proposal, and the literature review is very crucial. Similar to that, it was crucial while creating the patent. In a similar manner, it is crucial when developing project proposals. Further he continued his session about the essential ingredients of writing proposal. The first element is the issue. First, we must identify the issue, or the problems that our research will reveal. Then, based on those issues, we have to define a research proposal. Finally, Dr. Bhaskar Idage concluded his first session about the funding agencies in India that would support our research. The Department of Scientific and Technology (DST) is one of the financing organisations for engineering, science, and technology research in India that is run by the Indian government. We can write a proposal to the Department of Biotechnology. We can also submit a proposal to the Council for Industrial and Scientific Research (CSIR). Lastly session was added with question answer session. The guest speaker delivers his talk for more than 100 minutes followed by 15 minutes' question and answer. The expert talk was conducted in hybrid mode for which total 120 registrations count in which 84 students and 36 faculty members were joined this event. At the end of the expert talk, feedback link was share to participants and their received responses have attached below in chart format.

Prof. Datta Doifde began the second session in the afternoon by extending a warm welcome to all participants and guest speaker. Later, the guest speaker took over the seminar. He began the seminar on patent writing and drafting by saying that it is rather difficult to prepare a patent without knowing intellectual property rights and their many sorts. He continued the discussion by defining intellectual property and outlining the TRIPS trade related rights inspections. Then he talks about what is the WTO. After that, he discusses what intellectual property rights are, how they have evolved, how the International Convention IP portfolio works, and so on. Furthermore, he covered the basics of filing a patent and what we must do. We must first draught a patent disclosure later, also known as a disclosure later, which must include at least three to four points. What makes this novel? What's the concept? And how at least one example will be used is sufficient to create a patent disclosure letter. Finally, he concluded the session on the IPR licensing and transfer of technology and

demonstrated different example of patent from the different countries i.e. US patent, Chinese patent. European patent, India patent. Lastly the session was ended with question answer session and vote of thanks by Dr. Shakeelur Raheman. The guest speaker delivers his talk for more than 120 minutes followed by 15 minutes' question and answer. The expert talk was conducted in hybrid mode for which total 130 registrations count in which 97 students and 33 faculty members were joined this event. At the end of the expert talk, feedback link was share to participants and their received responses have attached below in chart format.

Objectives

1. Understanding the proposal's writing scientific/technical components.
2. Recognize the subjective parts of a grant proposal.

Benefits:

1. This one-day expert talk aims to assist researchers/faculty in developing essential skills in writing a research proposal that secures funding.

We are thankful to Today's speaker Dr. Bhaskar Idage. for enlighten us about the grant research proposal and patent writing. We are also thankful to SVKM's Management & our honorable principal Dr. Nilesh Salunke, IQAC co-ordinator Dr. Bhushan Chaudhari, faculties of SVKM IoT, and last but not the least to all participants attended this IQAC one-day expert talk.

Research Grant Proposal and Patent Writing by Dr. Bhaskar Idage, Ex-Scientist, CSIR

Participants

Budget

- Give you an appreciation of research costs
- Prevents you from overspending !
- Provide specific explanations for:
 - Need for specific technologies
 - Need for other financial requests (e.g. conference, instrumentation, staff, salaries).
 - Do you really need this kit?

ABSTRACT
 The present invention relates to a novel process for the preparation of a linear polyester (poly lactide) having a simple constitution structure of acid with ester in presence of suitable catalyst or organotin. The present invention further relates to a process for the preparation of poly acid from acid lactyl ester by using suitable catalyst.

ABSTRACT
 A process for the synthesis of 100% optically pure L-lactide having a simple constitution structure of acid with ester in presence of suitable catalyst or organotin. The L-lactide obtained was further purified to obtain lactide of 100% optical purity and optical rotation less than 10 degree.

March 3, 2023

NOTICE

This is to inform all IQAC members that, a periodic IQAC meeting is scheduled on 03rd March 2023.

Venue: Board Room near Principal cabin

Time: 01:00 pm onwards

Agendas: The meeting's agenda includes a discussion on the faculty feedback survey:

- Introduction and Purpose of Student Feedback.
- Overview of the Student Feedback Mechanism.
- Importance of Student Feedback in Faculty Development.
- Utilization of Feedback for Continuous Improvement.

All are requested to attend the same.

Dr. Bhushan Chaudhari
IQAC Coordinator

Dr. Nilesh Salunke
Principal

Ref: MOM/IQAC/2023/04

March 10, 2020

Minutes of the 4th Meeting of the Internal Quality Assurance Cell (IQAC) on faculty feedback survey on 10th March 2023 at 1:00 pm. in the Board Room near Principal Cabin.

Following members attended the meeting:

- | | | |
|----------------------------|---|------------------|
| 1. Dr. Nilesh Salunke | - | Principal |
| 2. Dr. Bhushan Chaudhari | - | IQAC Coordinator |
| 3. Dr. Tushar Shinde | - | IQAC Member |
| 4. Dr. Vishal Moyal | - | IQAC Member |
| 5. Dr. Shrikant Randhavane | - | IQAC Member |
| 6. Mr. Khalid Alfatmi | - | IQAC Member |
| 7. Mr. Mohemmed Junaidudin | - | IQAC Member |

Absentees: Dr. Shrikant Randhavane

At the outset, Dr. Nilesh Salunke, Hon'ble Principal, welcomed the committee and chaired the meeting. Dr. Bhushan Chaudhari, IQAC Coordinator congratulated the committee members.

Dr. Nilesh Salunke and Dr. Bhushan Chaudhari stressed on the following points –

- . Student feedback plays a pivotal role in faculty development.
- . Emphasise the significance of student input in fostering a student-centered learning environment.
- . Stress that student feedback is not just an evaluation tool but a valuable resource for faculty development.
- . Encouraged academics and staff to share any recommendations for improvement.

The meeting ended with question-answer session and vote of thanks to the Chair.

Dr. Bhushan Chaudhari
IQAC Coordinator

IQAC

Action Taken Report

IQAC Meeting held on 10th March 2023

The action taken by Internal Quality Assurance Cell (IQAC) as suggested by IQAC team and administrator (Secretary, Principal, and HOD's) and suggestion was implemented and appropriate action were taken as recommended meeting held on 10th March 2023.

Sr. No.	Agenda Item	Action Taken
1	Data collection	Faculty feedback was collected online to enhance the frequency of the feedback
2	Acknowledgment of Feedback	Each feedback received is acknowledged, emphasizing the importance of student contributions to the enhancement of our educational processes.
3	Monitoring and Evaluation	Continuous monitoring and evaluation processes are outlined to ensure the sustained impact of the implemented initiatives. This includes follow-up assessments and adjustments based on ongoing feedback

Dr. Bhushan Chaudhari
IQAC Coordinator

Dr. Nilesh Salunke
Principal
