

Call for papers:

The conference will provide an opportunity for interactive discussion with experts on research in various specialized areas of Applied Sciences and Humanities with emphasis on emerging trends. Original research papers on the conference themes and related fields are solicited from research scholars, academicians, and industry experts.

Publications details:

Selected papers with less than 15% similarity will be published in an **ISBN book** after the conference. Authors may revise papers based on the reviewer's feedback.

About SVKM

Shri Vile Parle Kelavani Mandal is a Public Charitable Trust registered under the Society Registration and Bombay Public Trust Act. From its humble beginnings in 1934, when it took over the Rashtriya Shala, a school established in 1921 in the wake of the National Movement, the Mandal today has grown into a big educational complex imparting high-level education to more than 35,000 students.

After beginning its journey in the early 1930s SVKM has blossomed into an educational colossus that has attained national recognition in multiple streams of higher education, with a strong guiding philosophy of providing education to all levels of the student community along with creating a feeling of bonding and commitment amongst academic and nonacademic employees. SVKM has mastered the art of being able to transform itself into a close-knit family and at the same time help its students to attain all-round development, be employable, and achieve success.

About SVKM's Institute of Technology, Dhule

SVKM's Dhule Campus is largely emerging as one of the biggest future hubs of technology and education. It has gained a strategic advantage for being on the junction of three National Highways viz. NH-3, NH-6, and NH-211. Dhule is aiming to develop into an industrial town which may provide next generation technologies across infrastructure sectors. Our president has a dream to make Dhule city known for its quality educational institutes. SVKM has taken an initiative to develop state of the art engineering and pharmacy institute that will impart quality education in Dhule spread over 33 acres of serene campus on the outskirts of Dhule, it will house colleges as SVKM's Institute of Technology.

About the Conference

Department of Applied Sciences and Humanities, SVKM's Institute of Technology, Dhule, Maharashtra, India is organizing a Two-Day Virtual International Conference on "Multidisciplinary Research Aspects in Applied Sciences and Humanities" in December 23rd and 24th, 2024. The Conference looks for significant contributions to all major fields of multi-disciplines in theoretical and practical aspects. The aim of this conference is to provide an excellent international forum for sharing knowledge and results in theory, methodology and applications of multidiscipline & its trends. The objective of the conference is to present the latest practices among the academicians as well as industries to meet and share the cutting edge development in the various dimensions.

Conference themes but not limited to:

Chemistry: Synthetic Chemistry, Applied & General Chemistry, Polymer Chemistry, Material Chemistry/Analytical Chemistry, Catalysis.

Mathematics: Applied Mathematics; Pure Mathematics, Discrete Mathematics, Computational Mathematics, Mathematical Physics.

Physics: Applied Physics, Solar energy, Catalysts for energy application & Sensor, Material science.

Communication: Culture, Communication, and Employee Engagement, Communication and Corporate Social Responsibility (CSR), Communication and Social Media; Communication and Online Media Technology, Communication and Business Writing.

Review Process

All papers are subject to review and are expected to meet standards of academic excellence. All submitted papers will be reviewed by peer-reviewers.
